

This is to certify that

ISSERSTEDT Prüfmaschinen GmbH & Co. KG

has successfully completed the TRAINING MODULE

"Equotip 3 Standardized Service"

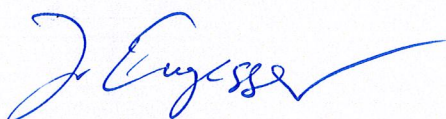

and is now authorized to carry out repairs, replacements, upgrades and calibration of the Equotip 3.

Place	Schwerzenbach, Switzerland
Initial Certification	25th February 2010
Last Certification	23th February 2018
Valid until	28th February 2019

The training module covered the following specific topics:

- Functionality and operation of Equotip 3
- Operation of the Equotip 3 testing infrastructure
- Failure analysis of the Equotip 3
- Repair, replacement and upgrade of Equotip 3 components
- Calibration of the Equotip 3

In addition, the above-mentioned participant was also trained on general Proceq guidelines pertaining to customer service and support, management of incoming and outgoing items, management of warranty and repairs, device tracking and Proceq quality standards.
